## Game Directions

The children join hands and circle slowly to the left around one child, who chooses a partner from the ring. At "Two in the middle," the ring stands still and claps in rhythm while the children in the center jump up and down or skip around on the spot in a two-handed swing. On verse 2, each child chooses a new partner. On verse 3, the two pairs jump or skip together. On verse 4, all jump or skip.
