2. Farmer, farmer, on the land,  
Farmer, farmer, on the land.  
Farmer, farmer on the land,  
I've golden jewels in my hand.

Sailor speaks: Guess how many.  
Farmer guesses: Three? (*Whatever number he wishes.*)

3. You have guessed the number true, (3x)      **OR**      You have missed the number plain. (3x)  
Now you may sail the ocean blue.                      So I must sail the seas again.
